The FMSC Mobile Experience

OUTCOME

- Each bag costs \$1.32 cents to produce that contains 4 meals
- We raised \$215 from our own personal donations
- 92% of donations go to food
- $\$215 \times .92 = \197.8 towards food
- $\$197.8 / 1.32 =$ We bought 150 bags of food.
- 150 bags x 4 meal per bag = 600 meals!

How Many People Did We Feed?

- Our group packaged 44 boxes
- Each box holds 40 packages
- Each package contains 4 meals
- We fed... $44 \text{ boxes} \times 40 \text{ packages} \times 4 \text{ meals} = 7040 \text{ people!}$
